

*Division of Environmental Quality*  
**Monthly Air Pollution Control Program Summary Report**

For ALL REGIONS - 02/16/2015 to 03/15/2015

---

*Number of Concerns Received RE:*

<i>Asbestos</i>	7
<i>Burning</i>	24
<i>Fugitive Dust</i>	5
<i>Odors</i>	13
<i>Particulate</i>	0
<i>Toxics</i>	0
<i>Other</i>	13

*Of the above, 12 concerns involved multiple emissions.*

*Total of Concerns Received:.* 49

*Number of Investigations of Concerns:*

<i>Received during report period.</i>	32
<i>Received prior to report period.</i>	9

*Total number of investigations completed:* 41

*Number of formal notices of violation issued:* 9

*Please note, the information provided in this report reflects all concerns received during the reporting period as well as all inspection activities that occurred during the reporting period regardless of the date in which the original concern was received.*

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
FSD	2015-03-03	2015-01-21	Unknown	Ozark	Christian	Burning	RB	
Concern No.	21043	Concern Info	Property owner is burning paint cans, aerosol cans, glass jars, 55 gallon drum. Burns mostly at night. Has been going on for last three days. Smoke smells like chemicals or burning plastic. Smoke has caused visibility issues. Ozark Fire Department has been called and told concerned party to call DNR.					
Comments	Observed no evidence of illegal burning.  No further action.							
KCRO	2015-02-24	2015-01-15	Danisco Ingredients USA, Inc.	St. Joseph	Buchanan	Permit	DR	
Concern No.	21015	Concern Info	Steve Randolph a resident of Stone County who works as a consultant for DuPont Nutrition and Health in St. Joseph came into this office to file this concern even though the matter lies in KCRO jurisdiction. He believes that the air permit for this facility is incorrect by omission. He states that the permit is for less than 15 tons of particulates per annum, but in fact it is actually emitting 50 to 75 tons and has been for several years possibly 5 years or more.					
Comments	On February 24, 2015, I conducted an air source inspection and this investigation. I reviewed all emission records (PM10) and inspected the operating emission points and found no excess emissions with the equipment or in the record keeping. At the time of this investigation, I have not received Mr. Randolph's calculations, so no comparisons were made. The facility appears to be in compliance with air pollution regulations; no further action required.							
KCRO	2015-02-20	2015-02-04	Gary G. Mahnken Farms, Inc.	Higginsville	Lafayette	Burning	CO	
Concern No.	21320	Concern Info	Caller reports that Gary Mahnken burned railroad ties today. The railroad ties are from the railroad that runs through his property. Mr. Mahnken cleared some trees along the railroad, and piled the vegetation and ties together in piles near the track last fall. Caller believes Mr. Mahnken will burn the other piles soon, which also contain railroad ties.					
Comments	No violations observed. Fact sheets will be delivered to Mr. Gary Mahnken via mail.							
KCRO	2015-02-24	2015-02-11	City of Saint Joseph	St. Joseph	Buchanan	Air Odors	DR	
Concern No.	21339	Concern Info	On-line concern to EPA:  Was visiting the City of St. Joseph Missouri, in the area of Noyes Boulevard and Felix and noticed that it was almost hard to breath due to the sewer gases that were coming out of the drainage coverts. I noted the same gases in the area of Faraon Street and 22nd Street. After asking a couple of local residents, I realized that this is not a new problem. The sewers must be in need of repair or need flushed. There is no way that this can be healthy.					
Comments	At the time of investigation there were no sewer gas odors detected.							
KCRO	2015-02-18	2015-02-13	Kenneth Summers	Buckner	Jackson	Burning	SN	KCR2015022
Concern No.	21348	Concern Info	I was requested at an illegal open burn yesterday at Lake City Valley and Hanna Road in the eastern part of our city yesterday. You may be familiar with the guy already. This information is Ken Summers, 1317 North Lake City Valley Road, Buckner, Missouri 64016, ksummersf350@hotmail.com, (816) 405-4236. He outright told me he knew what he was doing was illegal, but he didn't think he would get caught. He said this brush pile has been burning for a week, and he has another one down the road from it. We are familiar with his past antics, as is Fort Osage Fire. He told me he was going to apply for a permit now, but I wanted to give you a heads up.					
Comments	An NOV will be issued for disposing of vegetative waste in the Kansas City Metropolitan area without first obtaining an open burning permit.							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
KCRO	2015-02-18	2015-02-17	Steven Glenn	Hamilton	Caldwell	Burning	CW	KCR2015030
Concern No.	21349	Concern Info	Commercial cleaning/restoration company is burning refuse from the business. It has been smoldering for last three days. Burning has been an ongoing issue for about one year.					
Comments	Caller believes the company is from Nettleton and does Hurricane clean-ups and responds to emergencies like that. The waste is then brought to this property and burned. The trash smolders for days after it is set on fire. It was last set on fire on Sunday, February 15, 2015. The fire is set and then left to burn. It is still smoldering today. The property owner seems to be different from the company that brings the waste to the property. The caller was not sure what was being burned. It was described as commercial waste. It was thought to include shingles. There are tires piled next to the fire and they may be burned in the fire too. The caller did not know the name of the responsible party.							
Comments	Violations of 10 CSR 10-6.045, "Open Burning Requirements," were observed at the time of the investigation. The Kansas City Regional Office will issue Notice of Violation KCR2015030308473162 to Mr. Steven Glenn for the observed violations.							
KCRO	2015-02-25	2015-02-17	Bryan Wimsatt	Austin	Cass	Burning	CO	KCR2015030
Concern No.	21489	Concern Info	CP stated that an old farmhouse was burned along with the siding and asphalt roofing shingles. The house was torn down and pushed in a pile either Friday or Saturday. Today at 2 p.m., it was a smoldering pile of ashes, and they (the responsible parties) were out there with earth moving equipment. Two men, Mr. Wimsatt and Mr. Divine, are the two that burned this. The CP requested that his name not be given out, although he does understand that the report could be obtained from a Sunshine request, and he would like something to be done about it.					
Comments	Demolition and vegetative wastes were disposed of by means of open burning. Mr. Bryan Wimsatt will be receiving a Notice of Violation (NOV) for burning vegetative waste without a permit and for burning of demolition waste. Mr. James "Jim" Divine will receive an NOV for burning vegetative waste without a permit.							
	Bryan Wimsatt: NOV #KCR2015022709363456 James (Jim) Divine: NOV #KCR2015030213064716							
KCRO	2015-02-26	2015-02-23	William Dines	Warrensburg	Johnson	Burning	SN	KCR2015030
Concern No.	21350	Concern Info	Caller states that responsible party (Bill Dines) had conducted demolition on a house trailer and the remains were burned last evening. The caller stated the Johnson County Fire Department responded to the site. RP is not the property owner; property is owned by Ms. Selman. Caller states the RP was told by the Sheriff not to burn the debris.					
Comments	An NOV will be issued for burning prohibited items including mattresses, construction and demolition waste, and other waste that didn't meet the definition of household refuse.							
KCRO	2015-03-05	2015-03-02	John Rogers	Rich Hill	Bates	Asbestos	SN	KCR2015030
Concern No.	21538	Concern Info	A building that was once a Drug Store is being demolished without first conducting an asbestos inspection and notification. The demolition occurred February 27, 2015. The CP told the RP that he needed to do an inspection and notification. The RP told the CP that he didn't need to do that and he could do whatever he wanted and didn't need to inform the government of what he was doing.					
Comments	An NOV will be issued for asbestos violations, specifically not having an inspection completed prior to demolition of a commercial building and failure to submit a demolition notification.							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
KCRO	2015-03-05	2015-03-03	Dwight D. Shrout	Hardin	Ray	Burning	SN	KCR2015030
<i>Concern No.</i>	21711	<i>Concern Info</i>	Hardin Police Chief reports that Mr. Shrout has been illegally burning at his residence. Chief reports he has seen mattresses burning and has seen evidence of burned tires and other metal items. Chief believes Mr. Shrout is burning these items to salvage the metal. Chief reports that he has given Mr. Shrout verbal warning to stop burning, but Mr. Shrout continues to burn.					
			Last week, Mr. Shrout brought in a fiberglass boat and placed it directly onto his driveway. The City and Mr. Shrout's landlord have been on him to clean up the property. Chief believes Mr. Shrout intends to cut up boat and dispose by burning.					
<i>Comments</i>	An NOV will be issued for burning prohibited items including cardboard, wood, household refuse, plastics, etc.							
KCRO	2015-03-10	2015-03-06	Arnold Mcguess	Odessa	Lafayette	Burning / Open Dumps	JC	
<i>Concern No.</i>	21669	<i>Concern Info</i>	Caller reports that Arnold McGuess has been bringing in shingles, carpet, carpet padding, treated lumber, etc. and burning the material for over a year. The waste is starting to pile up again, so the caller is worried that he will burn again soon.					
<i>Comments</i>	Since Mr. McGuess has already been issued a LOW from Air Pollution, a LOW from Solid Waste will be issued as well.							
KCRO	2015-03-06	2015-03-06	DCB Properties	Raytown	Jackson	Asbestos	CO	KCR2015030
<i>Concern No.</i>	21713	<i>Concern Info</i>	Caller reports that two neighboring buildings are being demolished in order to build a new Dollar General. Caller suspects that the contractor has not properly inspected the building for asbestos and is worried that any asbestos will not be handled properly.					
			Caller does not know who is doing the work, but advised that the City of Raytown should have the information.					
<i>Comments</i>	DCB Properties LLC conducted a renovation of the former Precision Electrical Sales Company building at 6300 Evanston Avenue in Raytown, MO. The renovation consisted of removing windows and doors from the building, which also disturbed adjacent building materials. DCB Properties failed to have the building thoroughly inspected for the presence of asbestos by a Missouri-certified asbestos inspector prior to conducting the renovation. Mr. Duane Basham owns both Precision Electrical Sales Company and DCB Properties LLC.							
	DCB Properties LLC will be receiving a Notice of Violation for the failure to inspect for asbestos prior to renovating a commercial building.							
	NOV: KCR2015030914385268							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
KCRO	2015-03-13	2015-03-11	Lester Piatt	Lathrop	Laclede	Burning	CO	KCR2015031
<p><b>Concern No.</b> 21747      <b>Concern Info</b> This concern was emailed from Mr. Gary Bertram with EPA. The following is copied from the email:</p> <p>I received a telephone call from Denise (sorry, I did not get the last name) from Lathrop, Missouri. Denise's telephone number is 816-729-2436.</p> <p>The complainant called with a concern regarding plastics being burned by her neighbor. The most recent example is a child's "ride-on" toy. I explained that we (EPA) do not regulate homeowners burning trash. I also explained that open burning is regulated by MDNR. I also asked if the neighbor might be burning more than their own waste, such as materials from a commercial operation. She was not sure, but she did mention two things: 1) her neighbors are in the process of moving; and, 2) they own storage lockers (I assume she was inferring that they own the business). It is unknown whether materials from the storage lockers or the business is being burned.</p> <p>I told her that I would share the information with MDNR and ask someone to give her a call to discuss the Missouri open burning rules and requirements, and to determine whether a potential violation is occurring.</p> <p>Please feel free to contact me if you have any additional questions regarding my conversation with the complainant.</p> <p>Take Care,</p> <p>Gary Bertram U.S. EPA - Region 7 11201 Renner Blvd Lenexa, KS 66219</p> <p>913-551-7533</p> <p><b>Comments</b> Mr. Piatt is in the process of moving and was burning items he did not want to move. These items are not routine household waste and cannot be burned. Furthermore, metal from these items is going to be recycled; open burning is not allowed for salvage operations.</p> <p>Mr. Lester Piatt will be receiving a Notice of Violation for the burning of prohibited items.</p> <p>NOV: KCR2015031312344524</p>								
KCRO	2015-03-12	2015-03-11	Jeremy Lee	Sedalia	Pettis	Burning	SN	KCR2015031
<p><b>Concern No.</b> 21748      <b>Concern Info</b> I received an Incident Report and photos (8) from Mark Stevenson of Pettis County Fire Department.</p> <p>"Subject was burning electrical wiring coating off copper wire and started approximately 5 acres of grass. Owner Jerry Todd has told subject several times NOT TO BURN. There is an active case by the PCSO (Pettis County Sheriffs Office). Subject burning is Jeremy M Lee. DOB 09-06-92 address given is 3520 S. Park Ave., Sedalia, MO. Telephone # is 660-221-5910 or 816-231-0221."</p> <p>Mark Stevenson said it would probably be best to contact the Sheriff's Office to see if they will accompany the investigator to the site.</p> <p><b>Comments</b> An NOV will be issued for burning the covering off of wires to extract the metal.</p>

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
KCRO	2015-03-16	2015-03-12	Pleasant Hill Grain	Pleasant Hill	Cass	Fugitive Dust	SN	
<i>Concern No.</i>	21750	<i>Concern Info</i>	Mr. Randall, City Administrator, states that the grain elevator in town makes lots of dust when loading trucks.  Contact Mr. Randy Miller Community (development coordinator?) (816) 540 3135 for more information before investigation.					
<i>Comments</i>	An LOW will be issued for probable violations of the fugitive dust regulation.							
KCRO		2015-03-12	Unknown	Saddlebrooke	Andrew	Burning	DR	
<i>Concern No.</i>	21752	<i>Concern Info</i>	Caller states responsible parties are burning salvage items and wire. The smell is "toxic." The caller stated they burn late in the day and into the evening. The caller stated we had investigated this site before.  The location has a wood fence around it with a trailer house at the bottom of the hill and one at the top.					
<i>Comments</i>								
KCRO	2015-03-17	2015-03-12	Gower Baseball Park	Gower	Clinton	Fugitive Dust	SN	
<i>Concern No.</i>	21755	<i>Concern Info</i>	Caller reports that dust from the Gower baseball field is bad again. Lots of dust is being generated by students speeding and cutting doughnuts in the lot. Coaches are looking on and doing nothing to deter the activity.  Incidents occur most weekdays starting around 3:15 p.m. during practice.					
<i>Comments</i>	No violations were noticed during the investigation.							
KCRO	2015-03-17	2015-03-13	Gower Baseball Park	Gower	Clinton	Fugitive Dust	SN	
<i>Concern No.</i>	21753	<i>Concern Info</i>	The CP is complaining about fugitive dust from the city baseball field and gravel parking lot. It is bad in the late afternoon and evenings with the kids racing in and out of the field. It will also be bad on the weekends during the summer. The main source is the traffic on the gravel drive way and parking lot. Yes it is leaving the property.  She contacted city hall but they have not done anything. She does not remember who she talked to at city hall.					
<i>Comments</i>	No violations were noticed during the investigation.							
KCRO	2015-03-17	2015-03-13	Gower Baseball Park	Gower	Clinton	Fugitive Dust	SN	
<i>Concern No.</i>	21754	<i>Concern Info</i>	The CP is complaining about fugitive dust from the city baseball field and gravel parking lot. It is bad in the late afternoon and evenings with the kids racing in and out of the field. It will also be bad on the weekends during the summer. The main source is the traffic on the gravel drive way and parking lot. Yes it is leaving the property.  She contacted city hall but they have not done anything. She does not remember who she talked to at city hall.					
<i>Comments</i>	No violations were noticed during the investigation.							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
KCRO	2015-03-13	2015-03-13	Orrick Farm Service	Orrick	Ray	Air Odors	MC	
<i>Concern No.</i>	21756	<i>Concern Info</i>	Private citizen called the EER Spill Line at 9:30 a.m. reporting that Orrick Farm Services (208 North Front Street, Orrick) had an anhydrous ammonia release. The caller reported that the anhydrous ammonia odor had been observed for the past hour.					
			EER Duty Officer contacted the manager at Orrick Farm Services. The manager told the Duty Officer that the company had been loading out anhydrous ammonia from the tanks, which could have caused the odor. There was no intentional release.					
<i>Comments</i>	Referred to Department of Agriculture.							
KCRO		2015-03-13	Lidiya Orlov	Houstonia	Pettis	Burning	CO	
<i>Concern No.</i>	21757	<i>Concern Info</i>	Owners were burning off an old out building. The contents inside included tires, carpet, shingles, paint cans, LP bottles, wires. Upon arrival they tried to defer our attention away from the building and towards the grass fire.					
			Incident report attached.					
<i>Comments</i>								
KCRO	2015-03-18	2015-03-14	Robert Wooden	Eagleville	Harrison	Burning	CW	
<i>Concern No.</i>	21761	<i>Concern Info</i>	21:30 hrs - The caller reports that their neighbor is burning something that is causing some very noxious smoke and that the neighbor has been investigated before by MODNR for illegal burning. EER advised the caller to contact his local fire department to relay his concerns and to get the fire extinguished.					
			22:55 hrs - The caller called back to state that he had to call 911 three times with his complaint. It appeared to him that a volunteer firefighter first came to the scene and had the neighbor put dirt on the small fire to extinguish it, but that it re-lit so he requested another response. The caller was not happy with the results and wants MODNR to get involved with enforcement.					
			MEERTS report attached.					
			The concerned party called the KCRO March 16, 2015, and left a voicemail. He said that Mr. Wooden and his son disposed of used oil in the fire that was still smoldering on Sunday. He told me after the fire was out Mr. Wooden scooped up the ashes and put them in his truck. He said there was metals in the ashes. CW					
<i>Comments</i>	Mr. Wooden admitted to burning vegetative waste on his property. I reviewed the photos and video of Mr. Wooden and his son placing an accelerant on the burn pile on his property. Disposing of a petroleum product as a means of disposal is a violation of the open burning requirements. Mr. Wooden is currently in enforcement for earlier violations of the open burning requirements. Evidence and documentation from this investigation will be sent to the Air Pollution Control Program for review.							
KCRO	2015-03-20	2015-03-15	KCP&L - Sibley Generating Stati	Buckner	Jackson	Air Odors	CO	
<i>Concern No.</i>	21758	<i>Concern Info</i>	I have lived in Buckner, Missouri for over 10 years now and the air quality has never been like this before. It hurts to breathe right now, and my lungs are aching. My eyes burn, nose and throat also. It smells like gasohol or sharpie pen type smell in the air, sometimes it just smells more like coal oil. Everyone I talk to here can smell it. I haven't been able to sleep tonight because it's so bad that I can't get comfortable. I think they've been ramping up the production on the Sibley power plant. (which would account for the coal oil smell). But I don't know what this other smell is from, but I do know it HAS to be illegally high emissions! You can ask anyone around here. Please check it out. And thank you for listening.					
<i>Comments</i>	No violations observed.							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
NERO	2015-02-17	2015-02-17	Murphy Brown Whitetail	Unionville	Putnam	Air Odors	CB	
Concern No.	21293	Concern Info	On February 15, 2015, at 4:37 PM, caller reported strong hog manure odor originating from Murphy Brown Whitetail. The odor was terrible all day long.					
Comments	No current inspection conducted with regard to this specific concern; however, all concerns are logged and reviewed for development of an effective investigation strategy. Staff will conduct an odor investigation at a later date when weather conditions are predicted to be similar to the conditions noted by the complainant.							
NERO	2015-02-25	2015-02-25	Terra Renewal Services	Callao	Macon	Air Odors	CB	
Concern No.	21329	Concern Info	On February 25, 2015, at 1:15 p.m., caller reported odor coming from a Terra Renewal site. Caller stated the odor was unbearable, toxic, and made people dizzy. Caller was upset and stated "it just isn't right" that this company is doing this to the environment and to people living near the site. Caller stated "there has to be something that can be done about the odor." I discussed how the company was considering putting a scrubber on the container to lessen the odor. Caller was simply put out with MDNR and EPA. Caller stated "I just can't believe nothing can be done." Caller is also worried about odors during the warm weather if it is this bad during the winter with all the windows down. Caller stated the odor can be smelled from inside the house with all the windows down. Caller reiterated "odors are unbearable." Caller stated it was useless calling the company because they won't do anything to help. Caller stated the neighborhood people are starting a petition. Caller stated "we just can't take it anymore."					
			Caller stated winds have been ESE and SE today.					
Comments	No violation of the Missouri Air Conservation Commission Regulation 10 CSR 10-3.090(2), Restriction of Emission of Odors.							
NERO	2015-02-26	2015-02-25	Murphy Brown Whitetail	Unionville	Putnam	Air Odors	CB	
Concern No.	21343	Concern Info	At 4:48pm, caller reported the following: This morning and again tonight, the odors from Murphy Brown Whitetail are really strong. The odors this morning are described as a dead animal smell. This afternoon, odors have moved back in and are rated as a "7" on a scale from 1 to 10 with 10 representing the strongest odors. Winds are from the East Southeast. The odors this afternoon are described as a barn odor.					
Comments	No current inspection conducted with regard to this specific concern; however, all concerns are logged and reviewed for development of an effective investigation strategy. Staff will conduct an odor investigation at a later date when weather conditions are predicted to be similar to the conditions noted by the complainant.							
NERO	2015-02-26	2015-02-26	Gurgrich Trucking	Queen City	Schuyler	Asbestos	SB	
Concern No.	21331	Concern Info	A report filed on the DNR web page reports, "I saw a post on Facebook that the City of Queen City is tearing down a blue building behind Casey's, which used to be a liquor/convenience store of some type, and I don't think an asbestos inspection was done. The post mentioned it was being demolished to build a new Casey's."					
Comments	No violation. The building was inspected for the presence of asbestos and a demolition notice was sent giving notice of the demolition of this commercial building. No violation of asbestos NESHAPs rules.							
NERO	2015-02-26	2015-02-26	Joe Shaver	Brashear	Adair	Burning / Scrap Tire Dump	SB	
Concern No.	21334	Concern Info	Caller states they drove by and saw a man burning several tires just off Highway 6 west of Brashear. Caller stated that the burning tires can be seen from Highway 6 where there is a group of houses one mile west of Highway V.					
Comments	Issue a Letter of Warning for violation of open burning regulations. Require a clean up within 30 days and a response letter.							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
NERO		2015-03-02	Ronnie Jones	New Franklin	Howard	Open Dumps / Littering / Burning	JE	
Concern No.	21344	Concern Info	Caller states that for the last two years a property owner has been dumping household waste and regulated waste consisting of furniture, shingles, lumber, and other miscellaneous wastes onto the surface of the ground. Caller reports that waste is leaving the property boundaries by wind, water, and dogs and is becoming deposited onto adjoining properties. Caller also reports there is a partially demolished mobile home on the property. Caller reports that the property owner also occasionally burns regulated waste as a means of disposal.					
Comments								
NERO	2015-03-02	2015-03-02	Team Rubicon	Columbia	Boone	Asbestos	SB	
Concern No.	21487	Concern Info	The caller is concerned that volunteers working this weekend have disturbed asbestos containing materials in the former Deluxe Inn. He said that he had been involved with construction of the building and that he had put vermiculite in each of the rooms so it could be mixed with the plaster on the ceiling and walls. His concern is that the buildings are being demolished and large chunks of asbestos contaminated plaster are being swept up with brooms and exposing volunteers to asbestos.					
Comments	No violations found at the time of investigation on March 3. Additional suspect materials were found during the investigation that were positive for asbestos and the results were provided to the Columbia Housing Authority and should be included with the asbestos survey report.							
NERO		2015-03-03	Everlast Dog Food Plant	Vandiver	Audrain	Open Dumps	BS	
Concern No.	21488	Concern Info	Caller reports Everlast Dog Food Plant burned down on Saturday morning (2/28/15) and the burn debris is being hauled out to plant owner, Mr. James Raleigh's, farm out on Highway HH. Caller states that Foster Excavating out of Mexico, Missouri is conducting the work at the scene and the hauling the waste. Caller reports Little Dixie and Mexico FDs responded to the fire and that Foster Excavation used their excavator to pull the building down to assist the FD in extinguishing the fire.					
Comments								
NERO	2015-03-04	2015-03-04	Everlast Dog Food	Mexico	Audrain	Air Odors / Burning	PM	
Concern No.	21490	Concern Info	From MEERTS Incident Number: 1503032115DLK: Incident Date 2/28/2015: Caller reports the Everlast Dog Food plant burned on Saturday, February 28, 2015. Caller reports that the facility is still smoldering and it smells terrible. Caller believes the fire department and property owner are not doing all they should be doing to stop the odor.					
The duty officer contacted the Audrain County Dispatch following the callers complaint and questioned Dispatcher 516 about the fire. Dispatcher 516 reported 200 tons of dog food is smoldering at the facility and fire department cannot conduct any further actions to stop it. Dispatcher 516 reported the material will have to smolder until out.								
At the time of the complaint the duty officer checked the wind direction in Mexico and it was reported to be out of the SSE at 2 miles per hour. The duty officer then checked the location of the complainants home and it is located approximately 0.7 miles SSE of the dog food plant.								
Comments	No violation of Missouri Air Conservation asbestos or odor regulations.							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
NERO		2015-03-05	Adam Read	Kirksville	Adair	Burning	CB	
Concern No.	21510	Concern Info	At 3:40PM, caller reported traveling on Highway 6 when he saw burning of tires, shingles, and C&D waste at the corner of Bullion Way and Horseshoe Lake Way. Caller stated the smoke was black and was worried the burn residue would enter a lake. Caller stated the black smoke could be seen for miles. Caller said a property sign was in the yard that read "AP Read," which is a local realtor.					
After researching property information on the Adair County Assessor website, the property in question is owned by Adam P. Read.								
Comments								
NERO		2015-03-06	Tom Shannon	Granger	Scotland	Burning	DB	
Concern No.	21511	Concern Info	Caller reports that Tom Shannon owns by proxy a pallet business in Granger and routinely burns the pallets. Also, stated that he has burned several of his buildings to collect the insurance for 'accidental' fires instead of properly demolishing and disposing of them. Caller is concerned that the fires have been too close to other buildings and may end up catching other peoples' houses on fire. Smoke is very bad and makes the whole town look foggy, making a health hazard. Most recent fire was last night when Mr. Shannon set one of his buildings on fire, the fire department and county police were present later.					
Also, reported that Mr. Shannon used to have a well and dumped waste down the well, then later pushed the well in and closed it to hide it. Well water in town is undrinkable. Also, reported that Mr. Shannon used to do (may still do) food grade pallets and fraudulently stamped regular pallets as heat treated with stamps from a friend in the business.								
Stated that Mr. Shannon split the business and registered the pieces under the names of his sons and wife (Shayne, Shawn, and Linda Shannon) in order to allow him to continue to obtain insurance after the numerous 'accidental' structure fires that he claimed insurance on.								
Comments								
NERO	2015-03-12	2015-03-09	Murphy Brown Whitetail	Unionville	Putnam	Air Odors	CB	
Concern No.	21518	Concern Info	At 5:54AM on March 9, 2015, caller reported the following: February 28, 2015: Strong hog manure odor originating from Murphy Brown Whitetail. March 2, 2015: Strong hog manure odor originating from Murphy Brown Whitetail. March 8, 2015: Strong hog manure odor originating from Murphy Brown Whitetail. Odor was noticeable all day long. On a scale from 1-10 with ten being the worst, it was a 12.					
Comments	No violation of the Missouri Air Conservation Commission Regulation 10 CSR 10-3.090(2), Restriction of Emission of Odors.							
NERO	2015-03-09	2015-03-09	Audrain Medical Center	Mexico	Audrain	Other / Air Odors	LM	
Concern No.	21522	Concern Info	Mr. Gary Bertram, of EPA, called regarding a concern he received from a citizen in Mexico. Mr. Bertram stated that the concerned party had observed diesel odors and a film on the creek after the clean up efforts were complete. The concerned party was concerned that the diesel leak may still be occurring or that it was not adequately cleaned up.					
Comments	On March 10, 2015, Mr. Maize referred the concern to the Environmental Emergency Response Section. The Environmental Emergency Response Section contacted the concerned party regarding the concern. Mr. Maize contacted Mr. Bertram, with the Environmental Protection Agency, on March 10, 2015. Mr. Maize reported the findings of the investigation to Mr. Bertram.							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
NERO	2015-03-12	2015-03-10	Murphy Brown Whitetail	Unionville	Putnam	Air Odors	CB	
<i>Concern No.</i>	21531	<i>Concern Info</i>	On March 9, 2015, at 6:23 PM, caller reported strong hog manure odor originating from Murphy Brown Whitetail. Caller stated the odor was horrible and the inside of the house smelled like manure.					
<i>Comments</i>	No violation of the Missouri Air Conservation Commission Regulation 10 CSR 10-3.090(2), Restriction of Emission of Odors.							
SERO	2015-03-12	2015-02-10	McLane Forest Products	Van Buren	Carter	Other	JD	
<i>Concern No.</i>	21230	<i>Concern Info</i>	(SP#4066) Every so often unusual amount of smoke comes out. It is dark yellow, almost orange, real thick, heavy smoke. Doesn't look right. It last an hour or two. CP thinks they dry lumber there. CP would like this to be checked out.					
<i>Comments</i>	Reviewed the boiler records from February 1-10, 2015. On February 9, 2015, the screw conveyor stopped working and caused the boiler to overheat. During this the pressure built in the boiler and caused the emergency stack to release (safety) causing flames to escape the hatch. This caused a orange "glow" behind the steam from the boiler. The upset condition was several hours long but the emergency release immediately resolved the issue. The temperature resumed the operating perimeters. According to documentation the facility did not exceed the limits of the permit during this time.							
	No violations observed.							
SERO		2015-03-02	Billy Palmer	Portageville	Pemiscot	Burning / Scrap Tire Dump		
<i>Concern No.</i>	21421	<i>Concern Info</i>	(SP # 4219) Burning tires, cleaning it up and bringing in more tires to burn.					
<i>Comments</i>								
SERO		2015-03-02	Steve Watkins	Portageville	Pemiscot	Burning / Scrap Tire Dump		
<i>Concern No.</i>	21424	<i>Concern Info</i>	(SP # 4221) Burning tires on County Road 240 at the farm shop. Cleaning up the excess and then brought another pile and is getting ready to burn them.					
<i>Comments</i>								

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. ### Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
SERO	2015-03-03	2015-03-03	Coastal Energy	Willow Springs	Howell	Air Odors	TR	
Concern No.	21479	Concern Info	(SP #4224) Dear Environmental Protection Agency, Although I have not smelled the Coastal Energy smell at my home since I last contacted you around 6 months ago, it is back today. I drove by and I see a tank that is not usually in operation putting off a substance into the air through its chimney type apparatus on its top. This is not the tank I last contacted you about when I smelled the smell in town/and residential areas. This tank sits next to his 10 smaller tanks of the same size, and it is the tank furthest from the highway. I am concerned about the air quality in our town, and concerned that he is not operating within the Clean Air Act's limitations. Thank you, Jill Bailey					
Comments	My investigation of March 3, 2015, began on 10:25 a.m. and ended at 12:06 p.m. No odor problems were noted. The facility is an asphalt and ethanol storage facility. It is probable that asphalt would produce some odor; but at the time of my observations; there was no violation. Previous odor investigations have been conducted by this office. The weather was consistent with potential for odor problems since it was cloudy and foggy. The applicable state air regulation is 10 CSR 10-6.165 Restriction of Emission of Odors. The rule defines what an odor violation is and requires air to be monitored using a device to dilute odorous air with odor-free air. The odor-free air is air filtered through an activated carbon filter.  The United States Environmental Protection Agency does not have an odor regulation.							
SLRO		2015-02-27	Metropolitan St. Louis Sewer Dis	St. Louis	St. Louis City	Air Odors		
Concern No.	21447	Concern Info	Received a call; caller wished to remain anonymous. Caller stated that several sewer manholes in the area of 5506 Natural Bridge Road, St. Louis City, in close proximity of the old G.M. Plant, are emitting toxic smelling odors. Caller stated that this problem has been ongoing for approximately six months and some days are worse than others. In the past the St. Louis Fire Department, LaCledde Gas Company, and Metropolitan Sewer District personnel have responded to and investigated the odor complaints but have not been able to pinpoint the source.  The caller stated that the odor is strong enough to make people sick; he has three employees that parked their car on top of one of the manholes this morning and then had to go home sick today due to headache complaints.					
Comments								
SLRO	2015-03-03	2015-03-03	Bridgeton Landfill	Bridgeton	St. Louis	Sanitary Landfills / Air Odors	WS	
Concern No.	21579	Concern Info	Date of odor 3/3/2015, Odor Strength 8, Odor address Orchard Bend Shopping Center, 11965 St. Charles Rock Rd., Bridgeton, MO 63044.					
Comments	Forwarded concern to Republic Services and Department's SWMP.

SWRO	2015-03-11	2015-02-09	ABC Powder Coating		Camden	Fugitive Dust	LG	
Concern No.	21222	Concern Info	Company is sandblasting and dust is leaving the property.					
Comments	No violations were observed							
SWRO	2015-02-26	2015-02-13	Unknown	Springfield	Greene	Asbestos	RB	
Concern No.	21288	Concern Info	Barbara from the City of Springfield received a call from a concerned citizen. The caller stated that a house next door to them had asbestos siding and asbestos inside. There was a fire and now there is asbestos chopped up and laying around. The caller is worried that the asbestos can now blow around and they are breathing it. I told the City of Springfield that we do not regulate the removal of asbestos siding from an individual home owner, but I was told the caller was worried that because of the fire, the asbestos could blow off the property.					
Comments	DNR regulations do not apply to this situation.							
SWRO		2015-02-23	Unknown	Nevada	Jasper	Air Odors / Industrial Site Specific	BM	
Concern No.	21322	Concern Info	Caller said there is an overwhelming odor in home when he came home today. He said he smelled it two days ago also. Several neighbors are noticing this also, they called the city, someone came out, pinpointed a manhole north of callers residence, said the city could not do anything about it as it is coming from a non-city location. Origin is believed to be industrial park/dog food plant coming in to their sewer line according to caller.					
Comments								
SWRO	2015-03-06	2015-02-24	Hardwood Lumber, Inc	Exeter	Barry	Saw Dust / Fugitive Dust	CG	
Concern No.	21345	Concern Info	Late afternoon/early evening of February 20, 2015, the Barry County Sheriff's Office received a call about dust blowing across the road from a pallet company. The caller was concerned because the sawdust was all over the road and building up along the edges. The county does not have a fugitive dust law, but Deputy Ruark went out early evening and took pictures and forwarded them to DNR.					
Comments	Sawdust left the property, an NOEE was issued NOEE issued, refer to APP							
SWRO		2015-02-25	MLH and Sons		Ozark	Burning / Scrap Tire Dump		
Concern No.	21325	Concern Info	Burning approximately 40 tires behind a MLH and Sons. It's in the back of the building to the right of a black tractor. Currently burning slowly.  Also, burning trees from a clearing down the road. Used tires to start it. Smoke is black.					
Comments								
SWRO		2015-02-25	Cloud 9 Ranch	Caulfield	Ozark	Asbestos	RB	
Concern No.	21326	Concern Info	Concerned party states that the facility in question, Cloud 9 Ranch, has demolished several buildings due to the presence of black mold. There is concern that the demolition debris contains asbestos material and is being buried or burned. There is a lab report associated with the concern #14-0077 with a sample date of 1/7/2014, but no information about which lab or analysis this is in reference to. ### Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
SWRO		2015-02-27	Superior Metal	Exeter	Barry	Burning		
Concern No.	21346	Concern Info	The Barry County Sheriff's office received calls that there was open burning going on behind Superior Metal on February 25, 2015. The county does not have open burning regulations, but officers did drive by the facility and said there was a huge black plume coming from behind the building.  A previous complaint regarding the tearing down of old buildings in Exeter, revealed that the demo contractor said he was planning to haul the waste to a hole behind Superior Metal. He was informed by Camille Graves that he could not do this, and would have to take it to a landfill, and Ms. Graves also visited Superior Metal and told them they could not allow anyone to bring material in and dump it on them unless it was "clean fill." The definition of clean fill was also explained to the owner.					
Comments								
SWRO		2015-03-02	Michael Millman	Bronaugh	Vernon	Burning		
Concern No.	21454	Concern Info	Property owner (Mr. Millman) is burning commercial waste from a construction business he used to own (just went out of business) on his property. The burn pile includes a hot tub, construction material, and some residential trash. The neighbor (concerned party) says he often picks up trash on his property from Mr. Millman's trash and burn pile.  Caller indicated that Mr. Millman has burned illegally before. See more details in SW16265 and SW16599.					
Comments								
SWRO	2015-03-19	2015-03-02	Unknown		Vernon	Burning / Open Dumps	CG	
Concern No.	21455	Concern Info	From concerned party email: MR. BANES OWNS A LOT OF RENTAL HOUSES IN THE NEVADA, MO AREA. HE HAS EMPLOYEEED TWO MEN TO HAUL ALL OF THE HOUSE HOLD GARBAGE, AND ANYTHING LEFT BY HIS TENANTS WHEN THEY MOVE OUT, TO HIS PARENTS PROPERTY IN SHELDON, MO AND DUMPS IT THERE BY A WATER WAY AND LEAVES IT UNTIL THEY GET TIME TO BURN IT. THIS HAS BEEN GOING ON FOR YEARS AND IS A MAJOR CONCERN FOR OUR COMMUNITY. I KNOW FARMERS ARE ALLOWED TO BURN ON THEIR OWN PROPERTY THE DEBRI FROM THEIR OWN PROPERTY, I DO NOT BELIEVE BURNING, DUMPING HOUSE GARBAGE AND MAKING YOUR OWN LANDFILL IS LEGAL. GARBAGE IS PICKED UP EVERY MONDAY AND HAULED OUT BY THESE TWO MEN. BOTH MEN ARE COVERED IN SORES ON THEIR ARMS. BECAUSE WE LIVE IN A SMALL COMMUNITY I WISH TO STAY ANONYMOUS. HOWEVER, SOMETHING NEEDS TO BE DONE. THANK YOU.					
Comments	No violations found at time of investigation. No longer use the property to sort and burn on.							
SWRO		2015-03-06	Virgil Clark	Eldon	Miller	Asbestos	RB	
Concern No.	21516	Concern Info	Caller is concerned about improper disposal of asbestos containing materials (siding, shingles, floor tile, etc.) associated with the demolition of condemned houses in the City of Eldon. Caller stated that the owner of a house at 608 E. 15th St. told him that he had to pay for an asbestos inspection and cut back the trees around the house so it could be tented to contain the asbestos. However, the contractor knocked the house down without any type of containment and the debris is being loaded into dumpsters from Allied Waste. Caller believes the city received some type of funding to cover some or all of the costs associated with demolition of this and several other condemned houses throughout the city. City building inspector, Scott Giggich, has been observed on the site by the caller. Property owner, Virgil L. Clark, owns 62 separate parcels in and around the City of Eldon according to the Miller County GIS website.

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
SWRO		2015-03-10	William or TJ Deal		Webster	Burning		
Concern No.	21529	Concern Info	Large pile of solid waste with construction/demo waste comingled that was burned. The Marshfield Fire Dept. was called out to the scene and noted the materials being burned could be illegal.					
Comments								
SWRO		2015-03-10	Michael Bourg	Anderson	McDonald	Asbestos		
Concern No.	21532	Concern Info	Caller states that the city is going to demo a building that was formerly a residential housing unit on March 28, 2015, and it has asbestos in it. However, the caller also stated that the new owners of the building have been going in and removing material and they are worried they are disturbing or removing asbestos. The building was allegedly condemned, and the Bourg family then purchased the property for \$2,000 to renovate into a home.					
Comments								
SWRO	2015-03-19	2015-03-12	Marion Oxford	Joplin	Newton	Burning	CG	
Concern No.	21550	Concern Info	Neighbor burning tires and shingles. Not the first time this has happened. Redding Mill Fire Department was called, told to put out the fire.					
Comments								
No violation at time of investigation.								
Reddings Mill Fire Department came out and cited them for burning under a burn ban.								
SWRO	2015-03-19	2015-03-13	Marion Oxford	Joplin	Newton	Burning	CG	
Concern No.	21549	Concern Info	Person is burning shingles that are producing thick black smoke irritating the caller (fumes/odors).					
Comments								
No violation at time of investigation.								
Reddings Mill Fire Department came out and cited them for burning under a burn ban.								

*Please note, the information provided in this report reflects all concerns received during the reporting period as well as all inspection activities that occurred during the reporting period regardless of the date in which the original concern was received.*
